

Volunteering Application Form

Do you like the idea of volunteering but don't know where to start?

Think about the skills and hobbies that you have and how you could use them to support a community project or charity in your area. Do you have good organisational skills? Can you help give financial advice? Can you help a local charity create some marketing materials? Or simply help run a project? All of these can be used as a way of volunteering.

Giving your time is just as important to a charitable cause as donating money, if not more. Who knows, you might enjoy it and meet other like minded people in the process. Not being paid to give your time doesn't mean it isn't rewarding. We are looking for people who can use the skills they have to aid sustainability and improving lives in the local community.

The Community Team can assist you in finding a suitable volunteering project in your area that suits the skills that you have to offer.

What type of group or charity would you like to volunteer in?
